

LIFE AFTER CANCER

SUPPORT FOR ADOLESCENTS & YOUNG ADULTS

Even though you have completed treatment, we are still here to help! Your care team can continue to provide support during this time.

Your team includes:

Oncologists
Advanced Practitioners
Nurses

Psychologists

Social Workers
Child Life Specialists

Topics we can assist with post treatment include:

School

Relationships

Adjusting to life after cancer

Work

College and Scholarships

Changes in attention, memory or learning

Fertility and Sexual Health

Resources

Opportunities for connection with others

Emotional support

(help dealing with anxiety, depression or other life stressors)

Insurance and Disability

Nutrition and dietary concerns

Medical questions or concerns

And any additional questions or concerns you may have!

For help with any of the above topics, please contact us at **860-545-9630 and ask to speak to a member of our social work team.**

The Reid R. Sacco Adolescent and Young Adult (AYA) Cancer Program at Connecticut Children's provides comprehensive cancer care for adolescents and young adults. We offer state-of-the-art medical care and support for the unique emotional and social needs of patients in this age group.
