

PROTECTIVE EYEWEAR

Protective Eyewear	Recommended Use	RATING FOR LOW-RISK SCENARIOS	RATING FOR MEDIUM-RISK SCENARIOS	RATING FOR HIGH-RISK SCENARIOS	Good to Know
	 VERY GOOD				Can be ordered through Lawson, Item #579951 Provides full - face protection including over the mask. Comfortable to use with personal eyeglasses. Can be re-used Sterilize with cavi wipes and rinse Does have fogging issues
	 VERY GOOD				Available in the OR. Captures respiratory droplets, splashes. Protects the eyes, nose, and mouth. Not reusable.
	 VERY GOOD				Can be ordered through Lawson, Item #580219 Provides full eye protection – secured in all areas around the eye and is snug to the face Difficult to wear over glasses
	 GOOD				Can be ordered through Lawson, Item #579948 May have slight risk of exposure around the eye as it doesn't fit snug to the face.
	 GOOD				Can be ordered through Lawson, Item #555725 for the FRAME; #555726 for the LENS May have slight risk of exposure around the eye as it is not snug to the face
	 TAKE CAUTION				Slightly better than eyeglasses because of side protection – depending on brand, it may not provide complete coverage of the eye as there are gaps and not snug to the face.
	 TAKE CAUTION				Satisfies protection in low-risk situations and only when community positivity rate is <5% Does not prevent splashes or droplets from reaching your eyes Sides of eyes are not protected
